

Ace Management is proud to announce that Augustin Blanchard, Partner is joining the Deep Tech/Cybersecurity team

With a background of Tech investment banker, Augustin brings along 15 years of expertise in M&A and Financing Advisory acquired within dedicated Technology teams at Rothschild & Co, Clipperton and Messier Maris & Associés.

Paris, April 10th, 2020 – Ace Management is proud to announce that Augustin Blanchard, Partner is joining the team in charge of Brienne III, first French fund dedicated to Cybersecurity and Trusted Tech.

Augustin Blanchard will take part in evaluating, executing and managing the investments of the fund and will most particularly bring to the team his M&A and Financing Advisory expertise in fund raisings and exits among portfolio companies.

Before joining ACE Management, Augustin Blanchard was Director within the Tech Group at Rothschild & Co and Clipperton where he advised numerous European startups in their fund raising and exit strategies.

Graduate from HEC Paris, Augustin Blanchard started his career as Technology investment banker in New York with Messier Maris & Associés, where he could get acquainted with the US Venture Capital environment and the practice of technology investing.

« We are pleased to welcome Augustin as our newest team member and we are looking forward to his insights on our investment prospects but also on our portfolio companies » says Guillaume Benhamou, Managing Partner.

« After 15 years advising startup founders, teaming up with ACE Management and the Deep Tech / Cybersecurity team is bringing my passion for technology to the next level. I do have now the opportunity to partner more long term with founders and bring them extra expertise in Technology M&A and Financing when defining their growth strategy and structuring capitalistic transaction » further explains Augustin Blanchard.

About Ace Management

ACE Management (a subsidiary of Tikehau Capital) is a private equity firm specialised in the industrials and technology sectors, with c. €400m in assets under management.

Founded in 2000, Ace invests through sector-focused approaches (Aerospace & Defence and Cybersecurity / Trusted Tech). Ace has built its model on partnerships with large corporates, which enable the firm to take a differentiated approach when investing.
